STYLE THAT WORKS

PRODUCT LINE-UP 2021/22

EVERKI

Style that works.

OUR MISSION

We offer business professionals high-quality laptop bags and backpacks that they choose for their timelessly modern design.

Products they appreciate more every day over many years because of numerous intelligently thought-out features, their durable materials and meticulous workmanship. Faithful companions they always have with them in their mobile everyday life without the need for making a compromise between design, function and quality.

STYLE THAT WORKS

EVERKI

Timeless functionality.

THE DNA OF EVERKI

The basic idea of EVERKI is very simple: design, function plus quality. Everything that business professionals want from a laptop bag for their mobile working life.

How do we know this exactly? We ourselves have spent our entire career travelling around the world. Often for far too long at check-in at international airports or searching for keys, wallet and cables.

We ourselves were always longing for a good-looking backpack that is also made to last and is well thought-out when it comes to the features it offers. After we spent a long time trying to find the optimal laptop bag for on the road, we started to invent it ourselves in 2005. And we still do this again and again till today. Because the world is changing and with it so do we and what we need.

EVERKI

Thoughtful design.

FORM. FUNCTION. STYLE.

For frequent flyers, for commuters, for business trips overnight. Behind each of our laptop bags and backpacks is a concept and a whole range of clever features: from softly padded technical compartments for a quick way through security checkpoints to zippers that heal themselves.

Many of them are unique to EVERKI. We have designed them by listening to the voice of EVERKI users and their demands. Our aim: to make working life easier and using EVERKI bags a long and satisfying experience.

STYLE THAT WORKS

EVERKI

30 years.

OUR PROMISE

EVERKI is committed to a 30-year warranty because our brand claim does not end when our bags leave the factory and travel the world with the mission to be the long-awaited companion of their new buyer.

EVERKI has long established one of the highest quality standards for bags in the business and our commitment continues well after you have purchased an EVERKI product. All EVERKI bags come with 30 years limited warranty which covers material and craftsmanship.

STYLE THAT WORKS

EVERKI

Well thought-out design.

BACKPACKS

TRAVEL-FRIENDLY DESIGN

An extra compartment which opens completely while keeping your laptop safe means you have your laptop or tablet immediately to hand at the security travel while everything else remains neatly stowed away.

RFID PROTECTION

Many of EVERKI bags come with RFID protected pockets. Slip your passport, credit cards or other forms of identification into the secure pocket, and your personal and banking information is safe from illegal RFID scans.

HARD-SHELL POCKET

There is plenty of space in the built-in hard case for your sunglasses or reading glasses, as well as an additional tuck-away for your phone or ear buds. Your glasses are safe, secure and right at your fingertips.

STYLE THAT WORKS

EVERKI

Well thought-out design.

TROLLEYS

FUNCTIONAL COMPARTMENTS

Big compartments with carefully designed and well-placed inner pockets allow for optimal storage and organization. Like all EVERKI bags, the trolleys provide plenty of space while keeping you organized.

CONTRAST LINING

Not only is the orange interior a signature design element for EVERKI bags, but it also serves the useful purpose of making items in your bag easier to find, especially in low-light environments.

QUIET WHEELS

EVERKI trolleys come with rolling wheels made of durable rubber to make it quiet and smooth when rolled across airports and train stations.

STYLE THAT WORKS

EVERKI

Well thought-out design.

BRIEFCASES &
SLEEVES

SOFT-LINING POCKET FOR TABLETS

Kindle or iPad Pro up to 12.9 inches travel safely in the extra compartment with soft lining that protects against dents and scratches. The closure with Velcro strap ensures that everything fits properly.

TROLLEY HANDLE PASS-THROUGH

A clever detail that makes even the longest trip with a lot of luggage easier. Many EVERKI bags come with a trolley handle pass-through on the back section to make carrying them more comfortable.

ERGONOMIC SHOULDER STRAP

The ergonomic strap distributes the weight of the bag evenly. It can be adjusted to your exact length on both sides. The leather padding gives support and makes carrying a heavy luggage more comfortable.

STYLE THAT WORKS

EVERKI

Corner protection system.

PROTECTS WHAT'S VALUABLE

The shock-absorbing corner protection system reinforces the extra-thick padding on the underside and thus protects the particularly sensitive corners and edges.

By creating a space between the corner of your laptop and the bottom of the bag, it will offer extra protection when dropped off left on the ground.

STYLE THAT WORKS

EVERKI

The mini messenger VENUE XL accompanies you to relaxed meetings with iPad Pro or tablet only as well as to casual evening events: Completely uncomplicated. Despite its compact size, the many intuitively designed compartments offer enough space for everything - whether passport or concert ticket.

EVERKI

RFID-POCKET

The RFID compartment protects passport, credit cards and smart cards with chip from illegal scans - securely hidden and still easily accessible even when walking. Only by you, of course.

SOFT-LINING POCKET FOR TABLETS

The exceptionally soft lining protects against dents and scratches on the surface of your tablet or small notebook.

FUNCTIONAL COMPARTMENTS

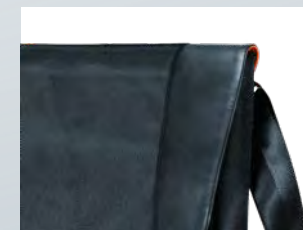

Big compartments with carefully designed and well-placed inner pockets allow for optimal storage and organization. Like all EVERKI bags, the VENUE XL provides plenty of space while keeping you organized.

URBANITE. Urban style with smart features.

Urban messenger with vertical design, for 14.1-inch or 15-inch MacBook PRO

Why not step out of the ordinary in style for once. The URBANITE laptop messenger looks particularly fresh with its surprising vertical design and stylish accents, ideal for travelling across the country or to the café around the corner. Despite the slim shape, there is room for an astonishing number of documents in the many clever compartments. Neatly organized, of course.

EVERKI

TRAVEL-FRIENDLY DESIGN

An extra compartment which opens completely while keeping your laptop safe means you have your laptop or tablet immediately to hand at the security travel while everything else remains neatly stowed away.

FUNCTIONAL COMPARTMENTS

Big compartments with carefully designed and well-placed inner pockets allow for optimal storage and organization. Like all EVERKI bags, the URBANITE provides plenty of space while keeping you organized.

TROLLEY HANDLE PASS-THROUGH

A clever detail that makes even the longest trip with a lot of luggage easier. The URBANITE comes with a trolley handle pass-through on the back section to make carrying them more comfortable.

TROLLEYS

ALL YOU NEED TO MAKE YOUR JOURNEY MORE PLEASANT.

EVERKI

WHEELED 420. Luggage on a grand scale.

XXL laptop-trolley with adjustable compartment from 15- to 18.4-inch

Designed to fit an 18.4-inch laptop and a lot of equipment easily, the WHEELED 420 is our biggest trolley with the same design cues and principles that make EVERKI stand out and serve for years to come. With an adjustable separate sleeve for your laptop and hooks for headphones and plenty of room for equipment and belongings, the WHEELED 420 should be able to accommodate what you need and then some.

EVERKI

TRAVEL-FRIENDLY DESIGN

An extra compartment which opens completely while keeping your laptop safe means you have your laptop or tablet immediately to hand at the security travel while everything else remains neatly stowed away.

ADJUSTABLE, SEPARATE LAPTOP-SLEEVE

The customizable sleeve protects your laptop in the trolley from scratches - and moves through the scan at the security travel firmly closed. Thanks to the comfortable handles, it lies particularly securely and comfortably in the hand.

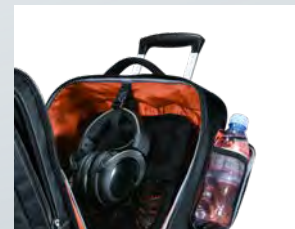

FUNCTIONAL COMPARTMENTS

Big compartments with carefully designed and well-placed inner pockets allow for optimal storage and organization. Like all EVERKI bags, the WHEELED 420 provides plenty of space while keeping you organized.

EVERKI

JOURNEY. Big enough for work and pleasure.

Executive laptop trolley with adjustable compartment from 11- to 16-inch

The elegant JOURNEY laptop trolley conveniently holds even a multi-day business trip and remains light enough for carry-on luggage thanks to the aluminum frame. Three compartments for laptop, tablet and cell phone plus a document organizer help you organize your entire mobile office. At the same time, a secure section ensures that clothes or toothbrush don't make a random appearance at the meeting.

EVERKI

DEDICATED COMPARTMENT FOR CLOTHES

Tailor-made privacy. You can easily take your shirt, belt and toiletries in the extra compartment with you. Secure, neatly organized and safely hidden, even if you take documents from the business compartment in the meeting.

QUICK-ACCESS POCKET

A dedicated front pocket is perfect to keep your favorite magazines or newspaper. Easily accessible and conveniently ready to stow away when boarding.

FUNCTIONAL COMPARTMENTS

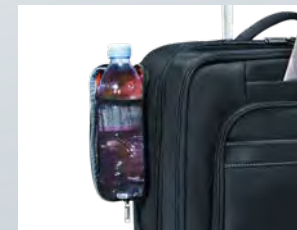

Big compartments with carefully designed and well-placed inner pockets allow for optimal storage and organization. Like all EVERKI bags, the JOURNEY provides plenty of space while keeping you organized.

ACCESSORIES

CLEVER HELPERS FOR MAXIMUM COMFORT.

MESHED POUCH

Refreshing design. The transparent yet robust mesh fabric of the pouch makes it particularly easy for you to find the right accessory. Of course, the characteristic orange lining also helps. Literally a cool feature: adapters cool down faster thanks to the airy material.

POUCH

Cable, charger, mouse from one, two or three devices: The pouch protects the many small accessories around your equipment from knots and chaos and sensitive surfaces of laptop or tablet at the same time from scratches.

RAIN COVER FOR ONYX, VERSA, ATLAS, FLIGHT, GLIDE

With the rain cover SHIELD you bring your valuable equipment safely to the destination, in the rain, snow or a muddy ride on the bike. And because a weather change sometimes comes quite suddenly, it can be quickly and easily pulled over the entire backpack. By the way, you can then wear it just as comfortably as before. Only a whole lot safer.
